## *\*Nevada Reindeer Adoption Program\**

***Come and join the thousands of people who are included in creating the largest art project in the US!!!***

The Reindeer Adoption Program was set up to help finance "THE ULTIMATE COMMUNITY ENHANCEMENT PROJECT!!! While involving private and public lands , state entities, commercial and small businesses, and the key --our children within all the schools (all populations) involved in the same program..... the nation's largest art project, one which brings the creativity and excitement of thousands of our children, to reality.

Point blank-- this is a small group of people with some sticks, screws and a lot of love--we see an opportunity (grassroots you'd say) to enhance this program, while setting up much needed financing (I, WILLOW BILL, work at a gas station...PLEASE HELP ---ADOPT A REINDEER!!!!)
